

talks and posters

2016, June	Talk: "Simulation study on high-precision radio measurements of the depth of shower maximum with SKA1-low" (SKA Fokus Group on High Energy Cosmic Particles)	7th ARENA, Groningen, The Netherlands
2016, June	Talk: "Modeling of radio emission from a particle cascade in magnetic field and its experimental validation" (SLAC T-510 collaboration)	7th ARENA, Groningen, The Netherlands
2016, June	Talk: "Potential of Cosmic Ray measurements with the SKA"	GLOWSKA, Karlsruhe, Germany
2016, March	Talk: "Geant4-Simulationen des SLAC T-510-Experiments zur Messung der Strahlung von Teilchenschauern" (SLAC T-510 collaboration)	Jahrestagung DPG, Hamburg, Germany
2016, March	Talk: "Studien zur Massenzusammensetzung hochenergetischer kosmischer Strahlung mittels Radiodetektion von ausgedehnten Luftschauern mit SKA1-Low" (SKA Fokus Group on High Energy Cosmic Particles)	Jahrestagung DPG, Hamburg, Germany
2016, Feb.	Talk*: "Experimental validation of radio emission from air showers"	XLVII. Arbeitstreffen Kernphysik, Schleching, Germany
2015, Nov.	Poster contribution*: "Mass Composition Studies of Cosmic Rays using Radio Detection of Extensive Air Showers"	KCETA-IHEP-SJTU Symposium "Particles and the Universe", Shanghai, People's Republic of China
2015, Sept.	Talk*: "Mass composition using radio detection of EAS with SKA-low" (SKA Fokus Group on High Energy Cosmic Particles)	HAP Workshop 2015: Composition, Karlsruhe, Germany
2015, Aug.	Poster contribution: "Modelling of radio emission in the SLAC T-510 Experiment using microscopic Geant4 simulations"	34th ICRC, Den Hague, The Netherlands
2015, May	Talk: "Preliminary SKA simulation study"	COSMIC 2015 Workshop, Manchester, United Kingdom
2015, March	Talk: "Geant4-Simulationen für das SLAC-Experiment T510 zur Messung von Radioemission von Teilchenschauern im Labor" (SLAC T-510 collaboration)	Jahrestagung DPG, Wuppertal, Germany
2014, Sept.	Talk: "Geant4 simulations of radio signals from particle showers for the SLAC T-510 experiment using the "endpoint" formalism"	Auger Youngsters Meeting, Karlsruhe, Germany
2014, July	Talk: "Geant4 simulations of radio signals from particle showers for the SLAC T-510 experiment using the "endpoint" formalism"	19th International School of Cosmic Ray Astrophysics, Erice (Sicily), Italy
2014, June	Talk: "Geant4 simulations of radio signals from particle showers for the SLAC T-510 experiment" (SLAC T-510 collaboration)	6th ARENA, Annapolis, Maryland, USA
2014, March	Talk: "Geant4-Simulationen für das SLAC-Experiment T510 zur Messung von Radioemission von Teilchenschauern im Labor" (SLAC T-510 collaboration)	Jahrestagung DPG, Wuppertal, Germany
2013, Oct.	Talk: "Geant4 simulations of radio signals from particle showers for the SLAC T-510 experiment using the "endpoint" formalism"	10. Schule für Astroteilchenphysik, Obertrubach-Brnfels, Germany
